A Christmas Letter from Rowan

Rowan has sent you a Christmas letter in the old Clover Glen code. Use the code key to find each letter, and write it in the box below its symbol.

— love, Rowan

The Clover Glen Code Key

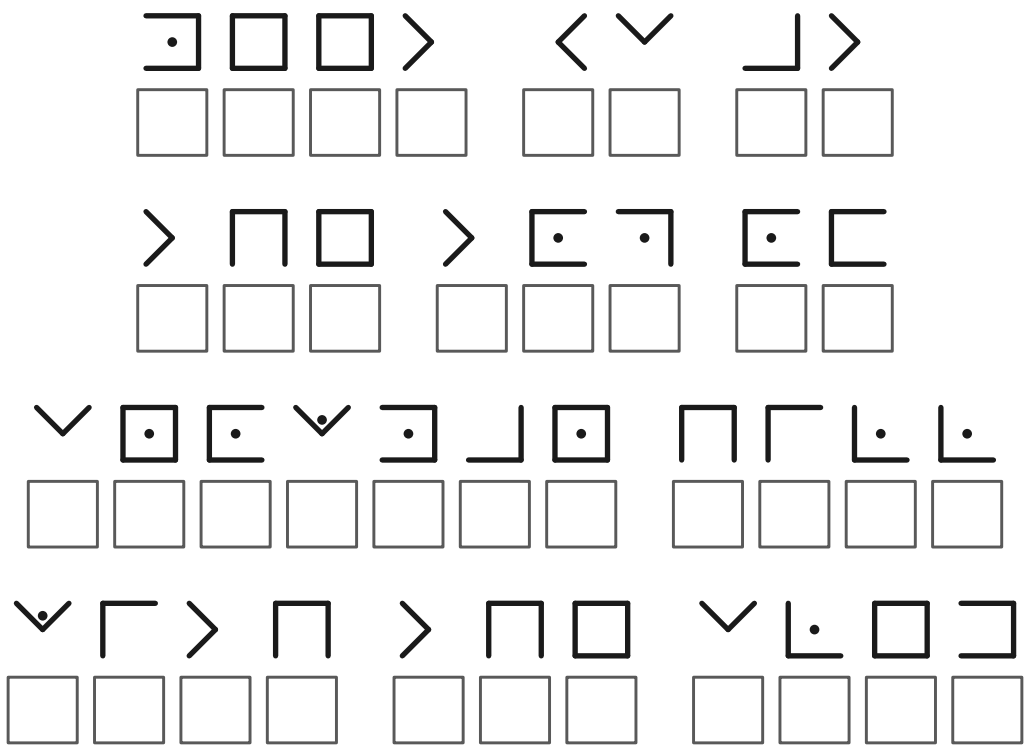

Each symbol is the shape of the lines around that letter in the key. Letters from the second grid and the second X have a dot as well.

SECRET CODE · LEVEL 2

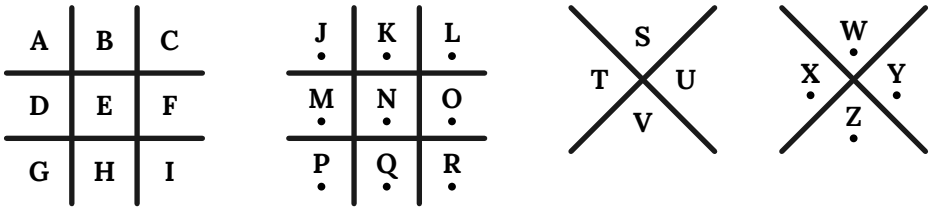

Pip's Snowy Plan

Pip has a plan to get the Christmas post delivered, and he has written it in code. This letter is longer, so take your time!

— *Pip*

The Clover Glen Code Key

Tip: decode the short words first. They help you guess the long ones!

SECRET CODE · LEVEL 3

Make a Clover Code Wheel

Ask a grown-up to help you cut out both circles. Glue this page onto thin card first if you can.

Crack the Wheel Code

1. Lay the inside wheel on top of the outside wheel and push a paper fastener through both centres.
2. Turn the inside wheel until the clover points at the letter K on the outside wheel.
3. Find each code letter on the outside wheel, and write down the letter just inside it.

O	F	O	B	I		V	O	D	D	O	B

P	S	X	N	C		S	D	C		G	K	I

Now make your own secret message

Choose a secret letter for the clover to point at, then write your message in code for a friend. Tell them your secret letter so they can read it!

My secret letter: _____

Answers for Grown-ups

Level 1 — A Christmas Letter from Rowan:
MERRY CHRISTMAS FRIEND

Level 2 — Pip's Snowy Plan:
MEET US AT THE TOP OF SNOWMAN HILL WITH THE SLED

Level 3 — Crack the Wheel Code:
OFOBI VODDOB PSXNC SDC GKI
means: EVERY LETTER FINDS ITS WAY

How the wheel works: with the clover on K, every letter moves 10 places along the alphabet (A becomes K, B becomes L, and so on). Choosing a different letter for the clover makes a brand-new code.
